

GET INVOLVED IN

PHILLY FAITH_{IN} ACTION

HERE ARE 10 SIMPLE WAYS YOU AND YOUR CONGREGATION CAN GET INVOLVED:

1

Preach about HIV testing and treatment and the healing of HIV/AIDS during your worship service

2

Get tested for HIV yourself, and encourage your congregation to get tested for HIV

3

Include an insert in your church bulletin about HIV/AIDS and where to get tested locally

4

Host an HIV testing and educational event for your congregation and community

5

Hang HIV/AIDS awareness posters in your house of worship

6

Place church fans in your pews that promote HIV testing and awareness

7

Offer special prayers during the worship service for the healing of AIDS

8

Disseminate educational materials to your congregation and to the community during the worship service or other event

9

Commit to developing an HIV/AIDS Ministry in your house of worship

10

Develop support groups for those affected by HIV/AIDS

GET INVOLVED IN

70% of new HIV infections in Philadelphia are among African Americans. This is a public health crisis and we need your help!

Join Philly Faith in Action, a citywide movement that unites faith leaders to enhance HIV/AIDS awareness, increase routine HIV testing, and link people to appropriate medical care.

This is an opportunity to link your projects to a greater nationwide faith-based movement to destigmatize HIV/AIDS and promote HIV testing.
